RETHINK ADVENTURE

Why see adventure as a one-off experience? For you, it's a state of mind. You know you don't need a 20-kilo backpack and a six-month career break to head out and find it. From the bright city lights to the wide, sweeping skies – every place, time, and moment brings something new. Introducing the all-new Ford Kuga. Adventure in every drive.

Image includes accessories.

Kuga ST-Line X plug-in hybrid (PHEV) in White Platinum exclusive body colour (option) (wheels not available in market).

Kuga ST-Line X plug-in hybrid (PHEV) in Lucid Red exclusive body colour (option) (wheels not available in market).

1 EXPLORE

POWER UP

Be ready for anything with Kuga's electric hybrid power. With two all-new hybrid versions available, Ford Kuga offers newer, cleaner, and more economical ways to enjoy SUV driving. The Ford Kuga Plug-In Hybrid (PHEV) combines a separate battery-powered electric motor with its efficient 2.5L Atkinson-cycle petrol engine.

The electric motor kicks in to provide extra support when needed, meaning you can drive further with lower emissions. You can run the vehicle solely on electric power up to a range of 65 km (WLTP test range)*, making it ideal for moving through heavy traffic and ultralow emissions zones. And when you head out of town for a long country road trip, the engine switches to running on fuel, so there's no need to worry about reaching your destination.

Using the FordPass app, you can check the battery charge level status and electric driving range, and set your preferred home charging times to best utilise cheaper electricity tariffs. The app will also notify you when your desired charge level is reached.

The PHEV battery is easy to recharge at most public charging points, alternatively, a domestic charging cable is supplied with the vehicle (as standard) The optional Ford Connected Wallbox is also available to support charging from home (fully installed solution available in partnership with Bord Gais - <https://www.localheroes.com/evchargers/irl/ford>).

*Tested with a full battery charge. Up to 65 km of electric-only range based on results from the Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Actual range varies with conditions, such as external elements, driving behaviours, vehicle maintenance, and lithium-ion battery age.

Kuga ST-Line X plug-in hybrid (PHEV) in Solar Silver premium body colour (option) (wheels not available in market).

TAKE ON YOUR WORLD

Ford Kuga is equally at home exploring rolling landscapes or seeking adventure from a city commute. Wherever your journey takes you, you'll enjoy the perfect balance of rugged SUV capability and beautifully sculpted styling.

The vehicle's impressive array of assistance features – including SYNC 3 navigation, FordPass Connect with Live Traffic*, and Adaptive Cruise Control with Stop & Go** – make it ideal for negotiating the crowded stop-start traffic of urban environments.

Or just take a mountain bike in the generous rear loadspace and head out into the countryside. With advanced technologies such as new Selectable Drive Modes system, you can adapt your driving experience to suit the road conditions.

*FordPass Connect features including Live Traffic updates and certain FordPass Connect features are complementary for initial trial periods, after which subscription charges apply.

**Available as standard for models with automatic transmission only.

Kuga ST-Line X plug-in hybrid (PHEV) in Chrome Blue premium body colour (option) (wheels not available in market).

ELECTRIFY YOUR DRIVE

With the introduction of the new Kuga Hybrid, a full hybrid vehicle (sometimes known as a FHEV), the new Kuga range offers the most electrified powertrain options of any Ford. Kuga Hybrid combines a conventional petrol engine with an electric motor to give effortless performance and a smooth, refined drive in all conditions. However, the high-voltage lithium-ion battery that powers the electric motor – located beneath the floor for the most efficient use of space.

*Kuga ST-Line X full-hybrid (FHEV) in Chrome Blue premium body colour (option)
(wheels not available in market).*

1 EXPLORE

REDEFINE YOUR SPACE

The feeling of movement and freedom continues into the vehicle and flows through every interior feature. From the fluid design of the fascia and centre console, to the sumptuous style of the leather-trimmed seats (standard on Vignale) – the Kuga creates a sanctuary of premium comfort.

Additional clever design features complement an active lifestyle. The rear seats include an all-new sliding function (standard feature), which allows you to offer extra legroom for rear passengers if needed, or to extend the rear loadspace for extra storage capability. While the hands-free tailgate lets you access the loadspace even when your hands are full with luggage (standard on ST-Line X and Vignale).

Kuga ST-Line X plug-in hybrid (PHEV) with Rapton in Ebony and Partial Sensico seats with red stitching and 10 Way Power Adjust Driver's Seat (standard).

EFFORTLESS DRIVING

MAKING LIGHT WORK OF HEAVY TRAFFIC

Adaptive Cruise Control with Stop & Go can help keep you moving on your journey, slowing down or even stopping and pulling away again with the traffic ahead. While Active Lane-Keeping System with Blind Spot Assist, and Pre-Collision Assist with Evasive Steering Assist keep a watchful eye on the road around you and can alert you to potential hazards.

- **Adaptive Cruise Control with Stop & Go*** maintains a comfortable distance from the vehicle ahead, and can even bring your car to a complete stop and move off again as the traffic allows (available as part of the optional Driver Assistance Pack)
- **Pre-Collision Assist**** with pedestrian and cyclist detection, monitors your proximity to other vehicles, cyclists and pedestrians and can alert you to a potential collision (standard)
- **Evasive Steering Assist**** is designed to detect an evasive swerve and help you steer around an obstacle in your path (part of Pre-Collision Assist)
- **Active Lane-Keeping System with Blind Spot Assist⁰²⁾** alerts you to vehicles detected in your blind spots by illuminating a light in the corresponding door mirror. If you try to change lanes while a warning is displayed, the system will apply a light resistance to the steering to help reduce the risk of a collision (available as part of the optional Driver Assistance Pack)
- Part of the Blind Spot Information System, **Cross Traffic Alert with Active Braking** assists you when reversing and your visibility is limited. The technology sounds a warning and an additional warning is displayed in the cluster. It will even apply the brakes automatically to further protect you and those around you

*Available for models with automatic transmission only. If the stop is longer than three seconds, driver must intervene and press 'RES' button or accelerator pedal to resume system operation.
⁰⁾Uses sensors. ²⁾Driver Assistance feature. **Note** Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle.

Kuga Vignale plug-in hybrid (PHEV) with premium Windsor Leather (standard).

1 EXPLORE

ELECTRIC POWER IN YOUR HANDS

ELECTRIC VEHICLE (EV) MODES

The Kuga Plug-In Hybrid can help you reach your destination more efficiently by using two sources of power. You can choose when to run on electric power and when to use the vehicle's efficient 2.5 L Atkinson-cycle petrol engine – or let Kuga choose for you in Auto EV mode. During your journey, the vehicle will be reclaiming energy when decelerating or braking.

- **Auto EV mode** Switches between the electric motor and blended electrical/petrol engine (hybrid) operation, according to your driving conditions and available charge
- **EV Now mode** Allows you to drive using electric power only, until the battery is almost depleted, then the vehicle switches back to using the hybrid operation
- **EV Later mode** Enables you to save electrical charge in the battery for later use. The vehicle will predominantly drive in hybrid operation, until you switch to electric mode
- **Battery charge mode** Allows you to charge the battery using the Atkinsoncycle petrol engine when the vehicle is stationary
- **Geofencing technology**** Makes driving in low emission zones even easier. The navigation system will show a controlled area, such as a low emission zone, to let you know when to switch to EV Now mode

*Ford Connected Wallbox is available as an accessory at extra cost.

†FordPass app, compatible with selected smartphone platforms, is available via a download. Message and data rates may apply.

Kuga ST-Line X plug-in hybrid (PHEV) in Frozen White premium body colour (option) (wheels not available in market).

CHARGING YOUR KUGA

Whether you're at home or away, charging your Kuga is easy via a domestic mains socket, a wallbox* or public charging points. Use the FordPass app† to check battery level, find charge locations and get notifications of charge status. A home charging cable is supplied with the vehicle as standard (7.1 metres in length).

a. Ford Connected Wallbox and public charging point

Full recharge can be achieved in 3.5 hours via optional wall-mounted charging box (accessory, at extra cost), and at most public charging stations.

b. Mains charging

Full recharge can be achieved in 6 hours via domestic 230-volt mains socket.

SEE AND BE SEEN

ADAPTIVE FRONT LIGHTING SYSTEM

Kuga's eye-catching advanced LED headlights provide excellent illumination at night, and in poor visibility. Dynamic LED headlights with full adaptive lighting use camera technology to alter the light pattern to illuminate bends before you enter them, for improved night driving (available as part of the optional Technology Pack).

- **Sign-based light** recognises if you approach a roundabout or stop sign and adapts the headlight beam to match the road layout
- **Predictive curve light** uses lane-markers to detect bends in the road and illuminate bends before you enter them
- **Glare-free high beam** adjusts the headlight angle for enhanced illumination, while the front camera helps the system to protect other drivers from glare

Kuga ST-Line X plug-in hybrid (PHEV) in Solar Silver premium body colour (option).

LET KUGA PARK ITSELF

ACTIVE PARK ASSIST

From identifying a suitable parking space to steering you in and out, Kuga makes parking easier, even in tighter spaces (available as part of the optional Driver Assistance Pack).

- **Active Park Assist** helps control the steering as it guides you in and out of a space. As well as the rear wide-view camera, the system includes a front wide-view camera (Stop & Go available with automatic transmission only)
- **Cross Traffic Alert*** helps when reversing out of a parking bay, by warning of traffic approaching from either side
- **Rear view camera** provides a clear view to the left and right at the rear of your car when reverse gear is selected (standard)

*Part of Active Lane-Keeping System with Blind Spot Assist.

**Cameras only operate at speeds under 6 mph (10 km/h).

²Driver Assistance feature. **Note** Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle.

SYNC

EXPLORE

CONNECTED AND IN CONTROL

FORD SYNC 3

Ford SYNC 3 integrates seamlessly with compatible smartphones to make communication and navigation effortless. You can control SYNC-compatible apps with AppLink, while Apple CarPlay and Android Auto let you use the 8" colour touchscreen as if it were your smartphone handset.

Using the touchscreen or simple voice commands, you can make calls, write and listen to text messages, and control your music and satellite navigation. In the event of an accident, Emergency Assistance[†] helps occupants place a call to emergency services with your vehicle's location.

FORDPASS CONNECT

The FordPass Connect modem that's built into your car enables a range of features designed to make driving easier and more enjoyable^{**}. These include Live Traffic[†] that delivers up-to-date traffic information to your SYNC 3 Navigation system, and Local Hazard Information^{††} that can warn you of upcoming hazards before they are encountered. In the event of an accident, eCall[‡] helps occupants place a call with the emergency services and shares your location. While for optimum connectivity, it also provides on-board Wi-Fi^{***} for a maximum of ten devices.

FORDPASS APP

Get the most from your connected car experience with the FordPass app^{‡‡}. From smart remote features to detailed vehicle health reports, the FordPass app lets you access even more functions via your smartphone. For peace of mind, you can lock or unlock your vehicle wherever you are, and even defrost the windscreen and activate the heated seats and heated steering wheel (where fitted) on a cold winter's morning (models with automatic transmission only).

Health Alerts send important information, including tyre pressure and fluid level warnings such as oil life, direct to your phone. Other FordPass app features include My Journeys, that can record your trips and deliver tailored insights on how to optimise your driving technique. Each journey is stored, allowing you to compare by distance, duration, and more.

FordPass also helps with security; you'll receive a notification if your car's alarm is activated, no matter where you are. The SecuriAlert feature takes security a step further and alerts you on your smartphone of any unauthorised access attempts – even with a stolen or duplicate key.

Please note: Full SYNC 3 smartphone integration only available with iPhone 5/Android 5.0 (Lollipop) or higher. To check whether Apple CarPlay and Android Auto are available in your market, please check official Apple CarPlay and Android Auto websites for the latest information. Map updates are complimentary for a limited time following vehicle registration.
^{*}Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones.
^{**}The on-board modem will be connected at the time of vehicle delivery. You may choose to opt in/out of certain data sharing. Where available, FordPass Connect remote features are complimentary for 10 years, thereafter a subscription may be payable.
^{**}FordPass Connect enables connected services and is available on selected vehicles or vehicles with navigation. FordPass Connect will be enabled at time of vehicle delivery. You may choose to opt in/out of certain data sharing. Data coverage and service is not available everywhere. Data rates may be incurred. FordPass and Connected Car Privacy Policies apply, available on your local Ford website.
[†]Live Traffic access is complimentary for the first 12 months following the registration of a new Ford featuring SYNC 3 with navigation; thereafter a licence subscription is required.
^{††}Local Hazard Information is complimentary for the first 12 months following the purchase of a new Ford with certain driver information modules; thereafter a licence subscription is required.
^{†††}Remote start only available on models with automatic transmission.
[‡]Ford eCall shares vehicle location and helps the occupants initiate a call in their respective language to the local Communications Centre, following a vehicle crash event involving an airbag deployment or fuel pump shut off. The feature operates in more than 40 European countries and regions.
^{‡‡}FordPass app, compatible with selected smartphone platforms, is available via a download. Message and data rates may apply.

Selectable Drive Modes

Tailor your Kuga driving experience to suit the conditions through a selection of available drive modes. The system adjusts various settings, including throttle response and steering feel, as well as gear-change behaviour on cars with automatic transmission (standard).

Head-up display

Projects key information in your field of vision, so you can keep your eyes on the road ahead. The clear, bright image can display your choice of content, including vehicle speed, navigation, cruise control notifications and Traffic Sign Recognition data. Compatible with polarised sunglasses (available as part of the optional Technology Pack).

Don't drive while distracted. See owner's manual for details and system limitations.

B&O BeoSound™ Sound System

Set the mood for your journeys with the Bang & Olufsen BeoSound™ Sound System. Enhancing your favourite artists is made simple through the intuitive one-touch interface. Move seamlessly within four audio spaces: Warm, Excited, Bright and Relaxed, to adjust the sound to your personal taste.

Additional pre-set profiles can be matched-up to your activity for added comfort and wellbeing, as well as more excitement.

The BeoSound™ trademark is the property of Bang & Olufsen a/s and is applied for, registered and used in multiple jurisdictions worldwide by the owner.

Hands-free tailgate

Opening or closing the all-new Kuga's tailgate is easy, even when your hands are full. With the keys in your pocket or bag, simply use a gentle kicking motion under the centre of the rear bumper and the tailgate will operate without you having to touch a thing. Can also be opened and closed while sitting inside the car (standard).

Front and rear-view cameras²⁾

Views to the front and rear of the vehicle are displayed on the touchscreen display. Useful for making tight parking manoeuvres by allowing you to monitor the area around the car. Rear-view camera activates when the vehicle is shifted into reverse gear (standard). Front view camera can be manually activated when driving in tight spaces (available as part of the optional Driver Assistance Pack).

²⁾Driver Assistance feature. **Note** Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle. Cameras only operate at speeds under 6 mph (10 km/h).

Retractable tow bar

Ford's fully power-operated retractable tow bar automatically stows itself out of sight behind the rear bumper when not in use for uncompromised styling and easier access to the loadspace. For extra transport and stowage capability, the tow bar can tow up to 2,100 kg depending on the powertrain (available as an option, check with your Ford Dealer for further details).

*Maximum towing varies based on cargo, vehicle configuration, accessories and number of passengers.

2

SELECT

With a choice of exterior and interior styling, there's a new Ford Kuga that's right for you.

Titanium*

Kuga's luxury models deliver elevated levels of sophistication and comfort, from superior quality materials to additional technologies.

Key features

- 17" alloy wheels
- Halogen Headlamps with LED daytime running lights
- Privacy glass
- Keyless entry and start
- Rear view camera
- Full digital 12.3" instrument cluster
- SYNC 3 with DAB audio system, 6 speakers and Navigation

ST-Line

The striking Kuga ST-Line has a distinctly sporty character, thanks to its unique exterior styling and interior detailing.

Key features (additional to Titanium)

- 18" Rock Metallic alloy wheels
- ST-Line body styling kit with large rear spoiler
- Black roof rails and red brake calipers
- Cloth sports seats with red stitching
- Flat bottom steering wheel
- Alloy pedals

ST-Line X*

Brimming with athleticism and advanced technology, Kuga ST-Line X is prepared for any driving occasion.

Key features (additional to ST-Line)

- Full LED headlamps
- Auto high/low beam
- Hands-free power tailgate
- Partial Sensico sport seats with red stitching
- 10-way power adjustable driver seat
- B&O premium audio system

Vignale

With unique design features and exclusively sourced soft-touch leathers, Kuga Vignale places you in a world of unrivalled refinement.

Key features (additional to Titanium)

- 19" Luster Nickel alloy wheels
- Vignale body kit and metallic paint
- Vignale Premium leather seat trim
- Heated front and rear seats
- Heated steering wheel
- Hands-free power tailgate
- Premium B&O audio system

Titanium*

Standard exterior features

- 17" alloy wheels
- Halogen projector headlamps
- LED daytime running headlamps
- Front LED fog lamps
- LED rear lights
- Power heated folding mirrors with puddle lights
- Silver roof rails
- Privacy glass
- Rear spoiler
- Twin exhausts

Standard interior features)

- Ford Keyless entry and start
- Dual-zone Electronic Automatic Temperature Control (DEATC)
- Rain-sensing wipers
- Full digital 12.3" instrument cluster
- SYNC 3 with DAB audio system, 6 speakers and Navigation
- Rear view camera
- Ambient lighting
- Front and rear floor mats
- Auto-dimming rear view mirror
- Cruise control with adjustable speed limiter
- Front & rear parking sensors
- Lane keeping aid with Lane-departure warning
- Pre-collision assist with AEB

- Post collision braking
- Thatcham category 1 alarm
- Sports seats in Ebony cloth with 8-way manual adjust
- Home charge cable with 3-pin plug (domestic socket)
- Geofencing awareness

Engines

- 2.5L Ford Duratec FHEV 190PS (petrol full hybrid))
- 2.5L Ford Duratec PHEV 225PS (petrol plug-in hybrid)

*Images may not reflect the standard Irish specification - Titanium fitted with optional alloy wheels, available at extra cost.

2 SELECT

ST-Line

Standard exterior features

- 18" 5x2 spoke Rock Metallic alloy wheels
- LED fog lights
- ST-Line body kit
- Large rear spoiler
- Red brake calipers
- Black roof rails

Standard interior features (additional to Titanium Edition)

- ST-Line flat bottom steering wheel with red stitching
- ST-Line gear knob (manual transmission only)
- Dark headliner and pillars
- ST-Line front and rear floor mats
- Alloy pedals
- Cloth sports seats with red stitching

Engines

2.5L Ford FHEV 190PS (petrol full hybrid) 2.5L Ford PHEV 225 PS (petrol plug-in hybrid)

2 SELECT

ST-Line X*

Standard exterior features (additional to ST-Line)

- Full LED headlamps
- Automatic low/high beam
- Hands-free power tailgate

Standard interior features (additional to ST-Line)

- Partial Sensico sport seats with red stitching
- 10-way power adjustable drive seat
- B&O Premium audio system (10 speakers, subwoofer and DSP amplifier delivering 575 watts)

Engines

- 2.5L Ford FHEV 190PS (petrol full hybrid)
- 2.5L Ford PHEV 225 PS (petrol plug-in hybrid)

*Images may not reflect the standard Irish specification - ST-Line X fitted with alloy wheels not available in market.

Vignale

Standard exterior features (additional to Titanium)

- 19" 10-spoke Luster Nickel alloy wheels
- Unique Vignale bodystyling kit
- Full LED headlamps
- Front & rear Vignale fascia
- Vignale rear diffuser
- Hands-free power tailgate
- Door mirrors with memory function

Standard interior features (additional to Titanium)

- Premium Sensico-wrapped instrument panel
- Premium Sensico steering wheel
- Heated steering wheel
- Heated front and rear seats
- Vignale front and rear floor mats
- 10-way power-adjustable driver's seat with memory function
- Vignale leather trim seats
- B&O premium audio system (10 speakers, subwoofer and amplifier delivering 575 watts)

Engines

- 2.5L Ford FHEV 190PS (petrol full hybrid)
- 2.5L Ford PHEV 225 PS (petrol plug-in hybrid)

-  230 V wall outlet charging
-  Installed wallbox charging
-  Public charging station charging

SPECIFICATIONS

Explore the electrified powertrain options of the new Ford Kuga. Sophisticated solutions include Kuga Plug-In Hybrid, Kuga EcoBlue Hybrid (mild hybrid) and Kuga Hybrid (full hybrid) versions, alongside Ford's advanced 2.0-litre and 1.5-litre EcoBlue diesels and 1.5-litre EcoBoost petrol engines. Together, they can help you find the right solution for your lifestyle, while making the switch to electrified driving easy and enjoyable.

FordPass app for Kuga PHEV

With the FordPass app¹, you can view your Kuga PHEV's battery charge status, electric driving range, set your home charging times and be alerted when your desired charge level is reached. Plus, locate and navigate to public charging stations and pay to charge your car, all via the app.

¹FordPass app, compatible with selected smartphone platforms, is available via a download. Message and data rates may apply.

Kuga EcoBlue Hybrid (mHEV)

Combines a diesel engine and a battery-powered electric motor. The electric motor boosts the engine for more powerful acceleration with reduced fuel consumption and lower tailpipe emissions.

- 2.0L Ford EcoBlue diesel engine
- 48-volt lithium-ion battery
- Regenerative Braking System

Battery range	n/a
CO ₂ emissions**	128-144 g/km
Fuel range***	1054-1125 km
Charge time	n/a

The 1.5l EcoBlue 120PS, 2.0l EcoBlue 150PS mHEV and 2.0l EcoBlue 190PS diesel engines are no longer available to order
^{*}Based on full charge. Up to up to 65 km of electric-only range using Worldwide Harmonised Light Vehicle Test Procedure (WLTP) applies to an available configuration. Actual range varies with conditions, such as external elements, driving behaviours, vehicle maintenance, and lithium-ion battery age. ^{**}The declared CO₂-emissions are determined according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EU) 2017/1151 as last amended. Light Duty Vehicle type-approved using the World Harmonised Light Vehicle Test Procedure (WLTP) will have fuel/energy consumption and CO₂-emission information for New European Drive Cycle (NEDC) and WLTP. WLTP has fully

Kuga Hybrid (FHEV)

Combines a petrol engine and an electric motor which work together to enhance performance and fuel efficiency. Kuga Hybrid can also drive short distances on electric only with zero tailpipe emissions.

- 2.5L Atkinson-cycle petrol engine
- 1.1 kWh high-voltage battery
- Pure-electric driving capability
- Charging via engine possible

Battery range	n/a
CO ₂ emissions**	125-133 g/km
Fuel range***	945-999 km
Charge time	n/a

replaced the NEDC latest by the end of the year 2020. The applied standard test procedures enable comparison between different vehicle types and different manufacturers. During NEDC phase-out, WLTP fuel consumption and CO₂ emissions are being correlated back to NEDC. There will be some variance to the previous fuel economy and emissions as some elements of the tests have altered, so the same car might have different fuel consumption and CO₂ emissions. ^{***}Potential driving range calculation based on fuel efficiency from 55.4 – 57.6 mpg (WLTP) on Kuga EcoBlue Hybrid (mHEV), 48.7 – 52.3 mpg (WLTP) on Kuga Hybrid (FHEV) and 54-litre fuel tank capacity. On Kuga Plug-In Hybrid the potential fuel driving range is based on fuel efficiency from 43.5 mpg (WLTP - petrol only) in Charge Sustain Mode (when high-voltage battery is depleted) and 45-litre fuel tank capacity. Total range on Worldwide Harmonised Light Vehicle Test Procedure (WLTP) cycle is 1988 miles. Actual range varies with conditions, such as external elements, driving behaviours and vehicle maintenance. ^{††}Based on full battery charge and full tank without charging/fuelling. Total range on Worldwide Harmonised Light Vehicle Test Procedure (WLTP) cycle is 1988 miles.

HYBRID POWERTRAIN OVERVIEW

Kuga Plug-In Hybrid (PHEV)

Combines electric and petrol power for effortless performance, while electric-only mode lets you drive with zero tailpipe emissions. To help maximise the distance travelled in electric-only mode, Kuga PHEV can be charged at home or at a public charging station.

- 2.5L Atkinson-cycle petrol engine
- 14.4 kWh 48-volt lithium-ion battery
- Pure-electric driving capability
- Plug-in charging possible

Battery range*	62-65km
CO ₂ emissions**	32g/km
Fuel range***	689-744 km (petrol/electric combined ^{††})
Charge time****	3.5 hours (with Type 2 cable) or 6 hours (with standard 3 pin cable)

4 SPECIFICATIONS ELECTRIC POWER

The all-new Kuga's forward-thinking Plug-In Hybrid (PHEV) technology can deliver excellent performance, together with impressive fuel economy and low emissions figures.

WHAT IS PHEV?

Plug-In Hybrid (PHEV) vehicles have the functionality of full Hybrid (HEV) technology, with the added advantage that they can be charged from an external electricity supply.

PHEV technology, like full Hybrid, utilises two separate power sources, switching between the vehicle's conventional petrol engine and a battery-powered electric motor. However, because PHEV relies mostly on external charging, once the battery is almost depleted the vehicle behaves like a hybrid, with the petrol engine running when necessary.

A PHEV has a larger battery compared with other Ford hybrid vehicles. This allows you to drive further on electric only power, with Kuga capable of driving up to 65 km (WLTP test figures)* with zero emissions. As hybrids, PHEV vehicles also have the ability to 'reclaim' energy when decelerating or braking (energy that would be otherwise wasted) to help recharge the battery.

*Kuga's electric-only driving range is up to 65 km based on results from the Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Actual range varies with conditions, such as external elements, driving behaviours, vehicle maintenance, and lithium-ion battery age. Official WLTP tested CO₂ emissions of between 22-25 g/km.

Fuel, performance and emissions

Max. towable mass (unbraked) (kg)	750	750	750	750	750

The fuel consumption and CO₂ emission figures shown in the table are derived from the Worldwide Harmonised Light Vehicle Test Procedure (WLTP). These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted, variations in weather, driving styles and vehicle load. The figures shown are for comparability purposes; only compare fuel consumption and CO₂ figures with other vehicles tested to the same technical procedures. You can also use Ford's online configurator to build and customise a new Ford vehicle: www.ford.ie/configurator. The configurator provides information about your configured vehicle's fuel consumption and CO₂ emissions (these are also WLTP test figures).
^oEngine only available from stock.
^{*}In 4th gear. ^oFord test figures. All petrol engines are equipped with a catalytic converter.
[#]Represents the lightest kerbweight assuming driver at 75 kg, full fluid levels and 90% fuel levels, subject to manufacturing tolerances and options, etc., fitted. Towing limits quoted represent the maximum towing ability of the vehicle at its gross vehicle mass to restart on a 12 per cent gradient at sea level. The performance and economy of all models will be reduced when used for towing. Tongue load is a maximum of 100 kg on all models. Gross train mass includes trailer weight.
^{oo}The declared fuel/energy consumptions, CO₂ emissions and electric range are measured according to the technical requirements and specifications of the European regulations (EC) 715/2007 and (EC) 692/2008 as last amended. Fuel consumption and CO₂ emissions are specified for a vehicle variant and not for a single car. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO₂ emissions and electric range. CO₂ is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO₂ emissions which contain data for all new passenger car models is available at any point of sale free of charge or can be downloaded under www.ford.ie

PURCHASE

Getting behind the wheel of your next new Ford is simple, with a variety of finance options.

Build your vehicle

Build and personalise your vehicle online. Simply head to the Ford website, select your model, then choose your engine, body colour and extras. You'll be able to view the recommended price, and send your configuration to a Ford Dealer if you wish.

www.ford.ie/cars

Find a Dealer and request a test drive

You can search for a Ford Dealer by location or Dealer name on the Ford website, and request a test drive online. Simply fill in your details and your chosen Dealer will contact you to arrange a convenient time.

Illustrations, descriptions and specifications. This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc., you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of products from our suppliers. Fitment of accessories may have an impact on your vehicle's fuel consumption. **Note.** The identified accessories are carefully selected third party supplier branded accessories which do not come with a Ford warranty but are instead covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. The iPod word mark and logos are the property of Apple Inc. Other trademarks and trade names are those of their respective owners. **Note.** Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.
