# Do we have your attention?

The new Mondeo may be the essence of elegantly assertive style. But refinements to its handsome exterior are not just about looks. The Ford Mondeo is beautifully designed for optimum efficiency. Its sleek lines cut through the air more efficiently. While streamlined rear panels help to reduce turbulence and add stability.

Powered by the latest **Hybrid Electric Vehicle** technology, the Mondeo HEV eliminates charge range anxiety, and champions an exciting new generation of fuel efficiency by seamlessly changing between its self-charging electric motor and petrol engine. And with Fords EcoBlue diesels also available, Mondeo's performance is duly impressive whichever option you choose.

*Ford Mondeo Vignale HEV wagon shown with 19" 10-spoke Dark Tarnish alloy wheels (option), and Magnetic metallic body colour (option).*

## Are you sitting comfortably?

The new Ford Mondeo makes you wish the journey was longer. Lovingly crafted from the finest materials, its sumptuous interior creates an oasis of inner calm. Light pours in through the optional **panorama roof** to enhance the feeling of spaciousness, while sound absorption materials produce a remarkably hushed interior.

An optional **massage function** for the driver and front passenger seats helps to invigorate tired muscles. And getting in and out of your Mondeo is made easier by an optional **powered steering column** that moves away to allow extra space. Linked to the **memory seat** function, it always returns to your ideal driving position. (not available in ROI)

Additional features include a raft of intelligent driver assistance technologies such as **Ford SYNC 3** with 8" touchscreen which, together with the FordPass App, delivers a range of additional features designed to make every journey easier.

*Ford Mondeo Vignale HEV shown with Luxury Premium Leather in Charcoal Black (option).*

## *Refined*

### Automatic transmission rotary dial selector\*

The new Mondeo is all about making your drive more comfortable. The refined 8-speed automatic transmission is controlled via a new optional **rotary gearshift dial** that lets you select gears easily at the twist of a knob, while freeing up your cabin for a more streamlined central console with additional room for storage.

\*Only available via 2.0L EcoBlue automatic transmissions.

*Ford Mondeo ST-Line X shown with Salerno Leather in Charcoal Black with red stitching, and automatic transmission rotary dial selector.*

## *Makes journeys easy*

### Adaptive Cruise Control with Stop & Go and Pre-Collision Assist

**Adaptive Cruise Control** allows you to enter your desired speed and distance from the vehicle in front, and will automatically maintain that set distance if traffic conditions impede travel at the desired cruising speed.

For models with automatic transmission, **Adaptive Cruise Control with Stop & Go\*** maintains a pre-set distance from the vehicle in front, even if it slows to a stop. And when the traffic starts moving again, your car will pull away too.

**Pre-Collision Assist** uses the forward-facing camera and radar to identify potential frontal collisions, and provides an audible and visual warning, pre-charges the braking system and can automatically apply the brakes if you fail to react.

\*Stop & Go feature is available for models with automatic transmission only. Adaptive Cruise Control is available for manual vehicles.

*Ford Mondeo ST-Line X shown with 19" 7x2-spoke Shadow Black alloy wheels.(option) and Diffused Silver metallic body colour.(option)*

## Meet your phone's new best friend

### Ford SYNC 3

Ford SYNC 3 integrates seamlessly with your smartphone, letting you control everything from phone calls and text messaging to music and optional satellite navigation - all via the 8" touchscreen or through remarkably simple voice commands. Map updates help to keep you on track and on time, and are complimentary for a limited period following vehicle registration.

### SYNC 3 features

- Manage your phone, music, apps and navigation with simple voice commands
- Hear your text messages read aloud for you
- Emergency Assistance\* helps occupants place an emergency call to provide emergency services with the vehicle location in their respective language
- Control SYNC-compatible apps with AppLink, while Apple CarPlay and Android Auto let you navigate your smartphone through the SYNC 3 home screen, as if it were your handset
- Colour touchscreen supports multi-touch 'swipe' and 'pinch-to-zoom' gestures, and lets you arrange application icons and background displays just as you would on your tablet or smartphone

Access a host of additional features via your smartphone with the **FordPass App**.

- Select points of interest along your route. FordPass will send these locations to your SYNC 3 Navigation when you connect through AppLink
- Search for refuelling points by brand or fuel grade, and compare pricing
- Search available parking spaces, check costs, opening hours and ratings

**Please note:** Full SYNC 3 smartphone integration only available with iPhone 5/Android 5.0 (Lollipop) or higher. Some SYNC 3 functions require a data connection, so mobile data charges will apply. To check whether Apple CarPlay and Android Auto are available in your market, please check official Apple CarPlay and Android Auto websites for the latest information.

\*Ford Emergency Assistance is an innovative SYNC feature that uses a Bluetooth®-paired and connected mobile phone to help vehicle occupants initiate a call to the local Communications Centre, following a vehicle crash event involving an airbag deployment or fuel pump shut off. The feature operates in more than 40 European countries and regions.

## Mondeo makes light work of parking

### Active Park Assist finds you a space.

**Active Park Assist** locates suitable parking spaces and can automatically steer you in. It can manoeuvre you out of spaces too. All you need to do is operate the accelerator, brake and gears (following on-screen instructions and audible signals)

### And gets you in.

**Active Park Assist** can steer you into parallel or perpendicular parking spaces just 20% longer or wider than the car. Simply push a button and sensors locate a suitable space as you drive past. The system will then automatically steer you in, while you operate the accelerator, brake and gears.

### And back out.

**Park-Out Assist** works in a similar way to help manoeuvre you out of a parallel space. The system steers while you keep control of the accelerator, brake and gears. And when the system has cleared the space, it gives you a 'Take control of steering' message through the instrument cluster.

*Ford Mondeo ST-Line X shown with 19" 7x2-spoke Shadow Black alloy wheels (option), Chrome Blue metallic paint (option) and Salerno Leather in Charcoal Black (option).*

**Lane-Keeping System**

Available at speeds over 65 km/h on visibly marked highways and interurban roads.

- **Lane-Keeping Alert** helps the vehicle to stay within a lane, with steering wheel feedback alerting you to any unintended lane departures.
- **Lane-Keeping Aid** provides gentle steering torque assistance to help guide you back into your lane.

**Heated Steering Wheel**

For extra warmth on crisp winter mornings, Mondeo's heated steering wheel is easily activated to provide an additional layer of comfort between you and the cold outside. (Option. Not available on HEV models)

**Traffic Sign Recognition**

Designed to automatically read standard format road-speed signs and display the posted speed limit in the instrument cluster.

**Auto transmission with steering wheel-mounted paddle shifts**

Race-inspired steering wheel-mounted paddles let you easily shift gear without taking your hands off the steering wheel.

Intelligent All-Wheel Drive (AWD) system

Mondeo's Intelligent All-Wheel Drive system continually monitors your driving environment, optimising traction whatever the surface by directing power to where it is needed. A special display on the cluster panel shows the power split to keep you informed about conditions beneath each wheel. (not available in ROI)

Ford Dynamic bi-LED headlights

This intelligent headlight system selects the appropriate beam pattern for enhanced illumination in different conditions. When turning, **dynamic cornering** throws the beam into the curve to let you see further. While the headlight's lower edge features two LED strips: white daytime running lights, and amber indicators that flash sequentially towards the direction of turn.

Blind Spot Information System

Designed to alert you via warning lights built into both door mirrors as another vehicle – car, van or lorry – enters your blind spot. Similarly, **Cross Traffic Alert** warns if a moving hazard is detected while reversing from a perpendicular parking space. Blind spot detection zone will vary to a range of 18 metres, depending on vehicle speed.(option)

Pre-Collision Assist with pedestrian and cyclist detection

Using radar and a camera, **Pre-Collision Assist** keeps a watchful eye on the road ahead for cars, cyclists and pedestrians. The system is designed to detect objects in front of the vehicle and can alert you to a potential collision. If you don't respond to the system's warning signals, the car will automatically apply the brakes to help avoid or reduce the effect of any impact.(option)

*Choose the right Mondeo for you.*

Available in a captivating range of series offerings, whatever your preference there is a new Ford Mondeo that's right for you.

**Zetec**

Elegantly assertive design, impressive integrated technologies, and a wide range of engine options, make Ford Mondeo the perfect choice.

‡Body colour unique to Vignale and Vignale HEV.

Your Mondeo is covered by the Ford Perforation Warranty for 12 years from the date of first registration. Subject to terms and conditions.  
**Note** The car images used are to illustrate body colours only and may not reflect current specification or product availability in certain markets. Colours and trims reproduced within this brochure may vary from the actual colours, due to the limitations of the printing processes used.

We chose *Diffused Silver*  
What will you choose?

The Mondeo owes its beautiful and durable exterior to a special multi-stage painting process. From the wax-injected steel body sections to the protective top coat, new materials and application processes ensure your Mondeo will retain its good looks for many years to come.

Sit back and relax

The look and feel of interior materials plays a large part in appreciating the overall driving experience. That's why great care has been taken in designing and crafting the trims for the new Mondeo.

(Option on Vignale and Vignale HEV)

\*16" Ultra Low Rolling Resistance tyres as standard for Titanium HEV.  
\*\*Only available in conjunction with manual FWD Panther engines.

**ACV+ Inductive charging**  
Keeps compatible smartphones charged while on the move, without requiring a charging cable. (Accessory)

**Retractable tow bar**  
Ford's fully power-operated retractable tow bar automatically stows itself out of sight behind the rear bumper when not in use, retaining the model's sleek looks. For extra transport and stowage capability, the tow bar can tow up to 2,200 kg depending on engine (check with your Ford Dealer for further details). (accessory)

**Load compartment protection**  
A durable load compartment tray with Mondeo nameplate is available (accessory), as well as a reversible load compartment mat (that can be extended over the rear seats, together with fold-out bumper protection) and carpet with Mondeo logo on one side, and a durable rubber surface on the reverse side (accessory). Both are ideal for transporting wet or dirty items.

**Roof racks**  
A sturdy base carrier, or crossbars, allows you to transport a range of loads safely and easily. Crossbars are only usable in combination with roof rails. (Accessory)

**Thule®+ roof attachments**  
A range of roof attachments is available including roof boxes, bike carriers and roof ski/snowboard carriers.

**Load retention guard**  
Robust retention system keeps items of luggage safely in the load compartment (removable when not in use). One version fits behind the first row seats; the other version fits behind the second row seats. (Installation provisions are required) (Accessory) Meets European ECE-R17/ISO 27955 safety requirements.

**Tow bars**  
Ford's fully power-operated retractable tow bar automatically stows itself out of sight below the rear bumper when not in use, retaining the model's sleek looks. (accessory). Also available is a detachable tow bar (accessory) and a fixed tow bar (accessory).

**Uebler+ rear bike carrier**  
High-quality tow bar-mounted bike carrier with optional practical tilting mechanism (depending on bike carrier model), for easy access to the load compartment. (Accessory)

**ClimAir®+ wind deflectors**  
Allow fresh air to enter the vehicle while driving with the windows open, even during light rain or snow. (Accessory)

**Mudflaps**  
Contoured mudflaps help to protect the bodywork of your Ford Mondeo from stone chips and road spray. Available as sets for front and rear. (Accessory)

**All-weather floor mats**  
The tray-style all-weather floor mats with Mondeo nameplate are tailor-made to fit perfectly and protect against dirt and damp. The driver's mat is securely fixed directly onto the vehicle's floor to help prevent it from slipping. (Accessory)

**ClimAir®+ bumper protection**  
The rear bumper protection plate protects against wear and tear when loading. (Accessory)

The test used to establish fuel consumption and CO<sub>2</sub> figures has changed to deliver results that are more representative of real driving. The Worldwide Harmonised Light Vehicle Test Procedure (WLTP) has replaced the old NEDC test. The Fuel Consumption and CO<sub>2</sub> figures shown are derived from the new WLTP test. Please note that vehicle registration tax (VRT) is not based on these WLTP figures in 2019, these figures are for information purposes only.

Understanding fuel data

The table above shows the fuel consumption (WLTP) and CO<sub>2</sub> emissions (WLTP) for each available engine when fitted on a standard specification Mondeo (with no options or accessories). Adding options or accessories to your chosen vehicle can impact WLTP fuels consumption and CO<sub>2</sub> emissions. Please speak to your Ford Dealer for more information.

The fuel consumption you achieve in real life conditions and CO<sub>2</sub> produced will depend upon a number of factors including options and accessories fitted, variations in weather, driving styles and vehicles load.The declared Fuel/Energy Consumption CO<sub>2</sub> Emissions and Electric range are determined according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EU) 2017/1151 as last amended. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behavior as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO<sub>2</sub> emissions and electric range. CO<sub>2</sub> is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO<sub>2</sub> emissions which contains data for all new passenger car models is available at any point of sale free of charge.

\*The wheel you choose will be fitted with the tyre size noted, but no choice of tyre brand is available. Note: The Bluetooth® word mark and logos are owned by the Bluetooth® SIG, Inc. and any use of such marks by Ford Motor Company Limited and its associated companies is under licence. Other trademarks and trade names are those of their respective owners. \*\*Ford Emergency Assistance is an innovative SYNC feature that uses a Bluetooth®-paired and connected mobile phone to help vehicle occupants initiate a direct call to the local Communications Centre, following a vehicle crash event involving an airbag deployment or fuel pump shut off. The feature operates in more than 40 European countries and regions.

**Note:** the 18" and 19" wheels and tyres available on Ford Mondeo are designed to deliver more sporting driving characteristics and a firmer ride quality compared to standard 16" and 17" wheels and tyres.

<sup>1)</sup>Safety feature, <sup>2)</sup>Driver assistance feature.

♦**Note:** A rear-facing child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag. The safest place for children is properly restrained on the rear seat.

## ***Making ownership easy and affordable.***

***Take advantage of a range of invaluable services and make the most of your car – for as long as you own it.***

### **FORD BlueService**

**Delivering total peace of mind.**

With Ford, the service doesn't end when you leave the showroom. Ford BlueService is designed to keep your Ford in great condition and help you make the most of your car – throughout its life.

- **Free Electronic Vehicle Health Check with Video Reporting**
- **Free European Roadside Assistance**
- **Transparent prices**
- **A One Call number to connect you to all Ford services**

### **FORD PROTECT**

**Extend your warranty up to 7 years/100,000km with Ford Protect.**

Extend your standard 2-year warranty and enjoy worry-free motoring for many years to come. Ford Protect provides a range of key benefits including:

- **High flexibility in duration and mileage**
- **Attractive annual fees**
- **Cover against unexpected repair costs**
- **Protection on trips abroad**
- **Inflation proof: all increases in repair costs are covered**
- **Prolonged lifespan of your Ford vehicle**
- **Protects your vehicle resale value**

FORD MONDEO Next steps

try

Visit your Ford Dealer and test drive the new Ford Mondeo for yourself.  
Find your local Dealer: [www.ford.ie](http://www.ford.ie)

build

Go online and build and price your new Ford Mondeo to your exact specification at [www.ford.ie](http://www.ford.ie)

finance

When it comes to financing your vehicle, Ford Credit's size and expertise means they're well placed to provide you with a wide range of finance products.

Ford Credit provides a range of finance products for your vehicle whether you are a private or business user.

The credit provider of these products is Bank of Ireland Leasing Ltd, trading as Ford Credit. The FORD and FORD CREDIT trademarks are owned by Ford Motor Company and are used under licence.

For more information about the finance products provided by Ford Credit visit [www.ford.ie](http://www.ford.ie).

own

When you drive away in your new vehicle, we're with you all the way. Ford has a large authorised service network to help you keep your vehicle in the best condition.

And should your new Ford ever require accident repair, a Ford Accident Repair Centre is the best place to get your vehicle back to its pre-accident condition and on the road as quickly as possible.

FordPass

FordPass is a new platform that will empower you to rethink the way you move. Finds parking locations nearby, contains vehicle and finance details, dealer information and a host of useful guides.

Live Traffic access is free for the first 2 years following the purchase of a new Ford featuring SYNC 3 with navigation; thereafter there is an annual licence fee.
