Distributes crash forces over a wider area

Inflatable rear seat belt

In the case of a frontal or side crash, the inflatable rear safety belt’s tubular bag breaks through the belt fabric as it fills with gas, expanding sideways across the passenger’s body. It holds the passenger in the appropriate seating position more effectively. Crash forces are distributed over an area five times as wide as a conventional seat belt to help to reduce the risk of injury.

Fuel, performance and emissions

Reality check. Making fuel economy figures more realistic.

The test used to establish fuel consumption and CO₂ figures has changed to deliver results that are more representative of real driving. The Worldwide Harmonised Light Vehicle Test ProcEDURE (WLTP) has replaced the old NEDC test. The Fuel Consumption and CO₂ figures shown are derived from the new WLTP test. Please note that vehicle registration tax (VRT) is not based on these WLTP figures in 2019, these figures are for information purposes only.

Understanding fuel data. The table below shows the fuel consumption (WLTP) and CO₂ emissions (WLTP) for each available engine when fitted on a standard specification Mondeo (with no options or accessories). Adding options or accessories to your chosen vehicle can impact WLTP fuels consumption and CO₂ emissions. Please speak to your Ford Dealer for more information.

The fuel consumption you achieve in real life conditions and CO₂ produced will depend upon a number of factors including options and accessories fitted, variations in weather, driving styles and vehicles load.

	Euro Stage	Fuel Type	Transmission	Maximum Power PS (kW)	Torque Nm	WLTP CO ₂ emissions (g/km) ⁹⁰	WLTP Fuel consumption in L/100 km ⁹⁰	Performance ⁹⁰		
							Combined	Max. speed (km/h)	0–100 km/h (secs)	50–100 km/h* (secs)
4-door										
2.0 iVCT 14 Atk HEV	Stage 6.2	Hybrid Electric	HF35 (eCVT automatic)	187 (138)	173	126-140	5.5-6.1	187	9.2	n/a
5-door										
2.0 Duratorq TDCi (with Auto-Start-Stop)	Stage 6.2 + DPF	Diesel	Manual 6-speed	150 (110)	370	155-160	5.9-6.1	213	9.3	9.6
2.0 Duratorq TDCi (with Auto-Start-Stop)	Stage 6.2 + DPF	Diesel	Automatic 6-speed (PowerShift)	150 (110)	350	159-166	6.1-6.3	213	9.9	n/a

⁹⁰The declared Fuel/Energy Consumption CO₂ Emissions and Electric range are determined according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EU) 2017/1151 as last amended. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO₂ emissions and electric range, CO₂ is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO₂ emissions which contains data for all new passenger car models is available at any point of sale free of charge.

Fuel, performance and emissions

	Euro Stage	Fuel Type	Transmission	Maximum Power PS (kW)	Torque Nm	WLTP CO ₂ emissions (g/km) ⁹⁰	WLTP Fuel consumption in L/100 km ⁹⁰	Performance ⁹⁰		
							Combined	Max. speed (km/h)	0–100 km/h (secs)	50–100 km/h* (secs)
Estate										
2.0 Duratorq TDCi (with Auto-Start-Stop)	Stage 6.2 + DPF	Diesel	Manual 6-speed	150 (110)	370	158-162	6.0-6.2	210	9.4	9.8
2.0 Duratorq TDCi (with Auto-Start-Stop)	Stage 6.2 + DPF	Diesel	Automatic 6-speed (PowerShift)	150 (110)	350	162-168	6.2-6.4	208	10.0	n/a

⁹⁰The declared Fuel/Energy Consumption CO₂ Emissions and Electric range are determined according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EU) 2017/1151 as last amended. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO₂ emissions and electric range, CO₂ is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO₂ emissions which contains data for all new passenger car models is available at any point of sale free of charge.

own

When you drive away in your new car, we're with you all the way. Ford has a large authorised service network to help you keep your car in the best condition.

And should your new Ford ever require accident repair, a Ford Accident Repair Centre is the best place to get your car back to its pre-accident condition and on the road as quickly as possible.

FordPass

The new FordPass app lets you access a range of Ford services designed to help make journeys easier and more enjoyable. These include:

- **Live Traffic** – delivers up-to-the-minute traffic data for the best-calculated journey times possible
- **Find fuel** – lets you search for refuelling points, refine your search by brand or fuel grade, and compare pricing
- **Parking** – search for available parking spaces, check their costs, opening hours and ratings
