

Ford

NEW RANGER

Models overview

Choose the right Ranger for you.

Available in a range of uniquely individual series and bodystyles, whatever your preference there is a new Ford Ranger that's right for you.

XL

Tough and stylish new Ranger XL and XLT series combine a confident design with rugged, hard-working capability.

XLT

Limited

New Ranger's luxury models deliver superior levels of sophistication and comfort, with premium materials, additional technologies and unique styling elements.

Wildtrak

Raptor

The bold new Ranger Raptor is the toughest and highest performing version ever built - a true desert racer and an extreme lifestyle off-roader.

XL

Key exterior features

- 16" steel wheels
- Body colour front bumper
- Electrically-operated and heated door mirrors
- Emergency Brake Assist
- Intelligent Speed Assist/Traffic Sign Recognition
- Lane-Keeping System
- Electronic Stability Control (ESC)
- Intermittent variable windscreen wipers
- Ford Easy Fuel capless refuelling system
- Under-run bar
- Rear mudflaps
- EasyLift tailgate
- Non-locking wheel nuts
- Black moulded grille
- Black door handles
- Manual tailgate lock
- Load rest
- High-mounted stop light with integrated load-box illumination

Key interior features

- Auto Start-Stop
- Quickclear heated windscreen
- Manual air conditioning
- Cruise control
- Radio with Bluetooth®, USB and AUX points
- Electronic shift-on-the-fly (4x4)
- Electrically-operated front windows with one-shot driver's window
- 6-way adjustable driver's seat with lumbar support
- Second power point in instrument panel
- Intelligent Speed Assist
- Lane-Keeping System
- Electric power-assisted steering
- Speed limiter

Ford Easy Fuel capless refuelling system

No dirty fuel caps to touch. Plus, Ford Easy Fuel with its unique safeguard ensures nobody accidentally fills up with the wrong fuel. (Standard)

12 V rear power socket

Clever additional touches also provide useful support to your business, such as a 12-volt power socket (invaluable when you need to charge a media device or work tool on the road).

Model shown is a Double Cab XL in Frozen White solid body colour.

XLT

Key exterior features, additional to XL

- 16" alloy wheels
- Chrome-finish door mirror caps and door handles
- Chrome-finish grille
- Chrome rear under-run bar
- Plastic moulded side steps
- Front fog lights
- Loadbox bedliner with 12 V socket
- Power tailgate lock
- Power-operated, heated and foldable door mirrors
- Automatic headlights and rain-sensing wipers

Key interior features, additional to XL

- Radio/CD/DAB with 4.2" TFT screen, Bluetooth® and USB connectivity, SYNC with voice control, AppLink and Emergency Assistance*
- Leather-trimmed steering wheel with remote audio controls
- Auto-dimming rear-view mirror
- Overhead console
- Illuminated vanity mirror sun visors
- Cruise control
- Manual air conditioning with pollen filter

Mountain Top Industries® roller shutter

Lockable aluminium roller shutter helps protect your tools or your load.

Electronic shift-on-the-fly

Change from two-wheel drive to four-wheel drive – and back again – at the flick of a switch when you're on the move.

Model shown is a Double Cab XLT in Sea Grey metallic body colour (option).

Note The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company Limited and its associated companies is under licence. Other trademarks and trade names are those of their respective owners.

*Ford Emergency Assistance is an innovative SYNC feature that uses a Bluetooth®-paired and connected mobile phone to help vehicle occupants initiate a call to the local Communications Centre, following a vehicle crash event involving an airbag deployment or fuel pump shut off. The feature operates in more than 40 European countries and regions.

Limited

Key exterior features, additional to XLT

- 17" silver alloy wheels
- Keyless entry
- Rear-view camera
- Rear parking sensors
- Bi-xenon headlights with LED daytime running lights
- Electrically-operated and heated power-foldable door mirrors with puddle lights
- EasyLift tailgate
- Chrome tubular sports bar
- Rear privacy glass

Key interior features, additional to XLT

- Ford Power starter button
- SYNC 3 with 8" Touchscreen, Apple Carplay and Android Auto
- 8-way power adjustable and heated driver's seat with lumbar support (Double Cab only)
- Leather interior
- Ranger logo floor mats
- Power converter
- 12 V power point

Raptor

Key exterior features

- Unique 17" alloy wheels with all-terrain tyres
- Unique Raptor front grille
- Widened front and rear wheel arches with 150 mm wider track
- Aerodynamic sports hoop with integrated loadbox illumination
- Unique front and rear bumpers
- Front aluminium skid plate
- FOX Pro shock absorbers with position-sensitive damping
- Front and rear ventilated disc brakes
- Four off-road tow hooks
- Strengthened alloy side steps
- Loadbox roller shutter and carry bars
- Tow bar

Key interior features

- Unique Raptor suede trim with heated and power-adjustable seats
- Unique perforated leather sports steering wheel with centre marker and Raptor logo
- Unique instrument panel cluster
- Terrain Management System with six selectable drive modes
- FordPass Connect onboard modem
- SYNC 3 with 8" Touchscreen and Navigation
- Enhanced Sound System (ESS) to boost engine/exhaust note and create a sportier sound experience

Key option

- Tailgate and rear side Raptor splash decal

Get the most from your new Ford

We want to help you get the most from your new Ford. And to do that, you need to know how much it is designed to safely carry, both in terms of payload and load volume. Your Transit Centre can provide professional advice on important specification aspects, and help to find the right vehicle for your budget and business needs.

The Ford Ranger is designed to carry cargo – and lots of it.

Choosing a new vehicle is an important decision with lots of factors to be considered. While some aspects, like selecting the most appropriate derivative, identifying the intended primary use and determining load box size are relatively simple, others, such as calculating payload are more complex.

Payload capacity

To calculate payload, you need to know two things: the vehicle's gross vehicle mass (GVM) and its kerb mass.

GVM is the maximum permissible weight of the vehicle when loaded and ready to go – that includes the weight of the vehicle itself, ancillaries, driver and crew (assuming the industry standard weight of 75 kg/person), fluids, fuel tank 90% full (1 litre of diesel = approximately 0.85 kg), optional and aftermarket equipment, and cargo.

Kerb mass is the weight of a standard-specification XL Series vehicle, including fluids and fuel tank 90% full, but without the driver, crew or cargo.

Payload is the difference between the two.

Gross vehicle mass minus **kerb mass** = **payload**

So to help you choose the right vehicle for your needs, here are some more detailed explanations about the factors that can influence a vehicle's payload. These include, but are not limited to:

Driver and crew

We calculate the weight of the driver and crew based on the industry-standard weight of 75 kg/person. Remember that the driver and crew are not included in the kerb mass figure, so when a driver or crew boards the vehicle, its payload will be reduced accordingly.

Factory-fitted options

Most factory-fitted options will affect a vehicle's payload. For example, air conditioning can add approximately 18 kg to a vehicle's weight, and therefore reduce its payload accordingly.

Your Transit Centre will be able to tell you what features can add or reduce your vehicle's kerb mass and by how much.

Series

All kerb masses quoted in this brochure are for standard-specification XL Series models, unless otherwise stated. Higher Series models will generally weigh more than lower Series due to the increased level of features and equipment.

Manufacturing tolerances

Variations in manufacturing and production processes mean that no two vehicles are likely to weigh exactly the same.

Accessories and aftermarket conversions

It is important to think carefully about what you add to your vehicle after you take delivery. Any accessories fitted or aftermarket conversions to the vehicle may adversely affect its payload. Please speak to your Transit Centre for more information and advice.

If payload is critical to your business, or if you plan to carry cargo at, or close to, the vehicle's maximum capacity, your Transit Centre can help. Using their specialist expertise and knowledge, they can advise you on the exact specification of vehicle required to meet your individual business needs.

Configure your Pick Up to suit your job

Ford Commercial Vehicles are available with a wide range of standard and optional features. Your Transit Centre can help you ensure that you specify the right vehicle features for your specific business needs, including technical items to aid aftermarket fitment of specialist equipment or conversion.

Note Technical information for vehicle converters can be found online via the Body and Equipment Mounting Manual @etis.ford.com go to >information >>vehicle conversions.

Weights and loads

| | Max Payload Gross ^e | Front Axle Plated Mass | Rear Axle Plated Mass | Gross Vehicle Mass (kg) | Kerbweight (kg) ^f | Axle Ratio | Max. Trailer Weight (Unbraked) | Max. Trailer Weight (Braked) | Max. GTM (kg) |

| 2.0L EcoBlue 213 PS (157 kW) – 10 speed automatic – Raptor only | 620 | 1550 | 1850 | 3130 | 2510 | 3,73 | 750 | 2500 | 5350 |

^a**Payload Gross** = Gross vehicle mass, less kerbweight. **GVM** = Gross vehicle mass. The total permissible all-up weight of a rigid vehicle – i.e. with body, payload, ancillaries, fuel, oil, water, driver and crew. ***Kerbweight** = The weight of the complete vehicle and all equipment including fuel and water, but without the payload, driver or any crew. All kerb masses quoted in this brochure are subject to manufacturing tolerances and are for Base models with minimum equipment. XLT, Limited and Wildtrak models will have greater kerb masses and, therefore, lower payloads due to the increased amount of standard equipment. Any additional options specified on the vehicle will reduce the payload accordingly. **Note:** All data in this table is dependent on the actual specification of the vehicle and the market in which that vehicle is available. Contact your local Ford Dealer for more information.

Next steps

For full features and specifications, download the digital ebrochure or view the interactive brochure to benefit from the full immersive experience of your chosen Ford model. Please download them from: www.ford.ie

test drive
Visit your Ford Commercial Vehicle Dealer and test drive the Ford Ranger for yourself. Find your local Ford Commercial Vehicle Dealer: www.ford.ie

build
Build and price your new Ford Ranger to your exact specification and see how it looks at www.ford.ie

contact
www.ford.ie

own
When you drive away in your new vehicle, we're with you all the way. Ford has a large authorised service network to help you keep your vehicle in the best condition. And should your new Ford ever require accident repair, a Ford Accident Repair Centre is the best place to get your vehicle back to its pre-accident condition and on the road as quickly as possible.

finance
When it comes to financing your vehicle, Ford Credit's size and expertise means they're well placed to provide you with a wide range of finance products. Ford Credit provides a range of finance products for your vehicle whether you are a private or business user.

The credit provider of these products is Bank of Ireland Leasing Ltd, trading as Ford Credit. The FORD and FORD CREDIT trademarks are owned by Ford Motor Company and are used under licence. For more information about the finance products provided by Ford Credit visit www.ford.ie

FordPass is a new platform that will empower you to rethink the way you move. Finds parking locations nearby, contains vehicle and finance details, dealer information and a host of useful guides. Live Traffic access is free for the first 2 years following the purchase of a new Ford featuring SYNC 3 with navigation; thereafter there is an annual licence fee.

Illustrations, descriptions and specifications. This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of products from our suppliers. Fitment of accessories may have an impact on your vehicle's fuel consumption. **★** The identified accessories are carefully selected third party supplier branded accessories which do not come with a Ford warranty but are instead covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. The iPod word mark and logos are the property of Apple Inc. Other trademarks and trade names are those of their respective owners. **Note.** Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.
