## Ford Pro Services

	Ford Pro Service	Description	Cost	Additional Information
Software	Ford Pro Telematics Essentials	Maximise fleet uptime through accessing key vehicle health data using a simple web-based dashboard: <b>Vehicle Health Alerts – Vehicle Data or User Generated</b> Connects vehicles to FORDLive (Connected Uptime System) Service, Maintenance & Repair Booking (direct with Ford Authorised Repairer network)	FREE	
	Ford Pro Telematics	Maximise uptime, efficiency, reduce running costs and support the switch to EV's (Ford and non-Ford*): <b>Vehicle Health Alerts – Vehicle Data or User Generated</b> Connects vehicles to FORDLive (Connected Uptime System) Service, Maintenance & Repair Booking (direct with Ford Authorised Repairer network) Live Tracking with vehicle status Location & Trip History Fuel Insights Driver Behaviour & In-Vehicle Coaching Vehicle Security Driver App to support daily vehicle checks and report issues Logbook for expense reimbursement and tax compliance *Plug In Device required for non-Ford vehicles & older Ford vehicles; newer Ford vehicles use manufacturer grade data direct from vehicle embedded modem	€18.00 per month, per vehicle	Activate an account here: <a href="https://fleetaccount.ford.com/customer-signup">https://fleetaccount.ford.com/customer-signup</a>
	Connected Navigation	Cloud connected navigation helps customer to optimize their route and provide them key information throughout their journey : OTA Map updates Live Traffic Live Fuel prices Live Weather Parking Local hazard alerts indicates hazard type & distance of hazard	FREE 12 months from warranty start then €3 per month, per vehicle	Connected Nav is free on Ranger for 12 months, vehicle must be Nav capable For any questions please email : <a href="mailto:softwaresolutions@fordpro.com">softwaresolutions@fordpro.com</a>
Charging	Home Charge Management	For home charging installations, we have partnered with Charge Guru to supply and install EV Home Chargers to suit your Ford vehicle.	Prices of depot and home charging solutions vary, depending on product choice and installation complexity	Book your free charging consultation here: <a href="https://www.fordpro.co.uk/en-gb/charging/charging-demo?intcmp=fpro-chp-hfs-O-KeepYourFleetPowere-BookaConsultation">https://www.fordpro.co.uk/en-gb/charging/charging-demo?intcmp=fpro-chp-hfs-O-KeepYourFleetPowere-BookaConsultation</a>  Request a quote for a home charger here: <a href="https://chargeguru.com/uk/ford-ireland/">https://chargeguru.com/uk/ford-ireland/</a>
	Depot Charge Management	<b>Ford Pro Charging offers comprehensive depot charging solutions designed to maximise your vehicle's efficiency and minimise downtime.</b> Our robust hardware includes an accurate in built energy metre to support billing and energy reimbursement, and is backed by a 5-year warranty. Ford Pro Charging solutions include dedicated aftercare support, intelligent charge management software for optimal charging performance and scheduling capabilities.		For any questions please email : <a href="mailto:evcharge@ford.com">evcharge@ford.com</a>
Service	FORDLive	All new Ford Pro vehicles include FORDLive <sup>†</sup> , a complimentary connected uptime service which helps keep your vehicles operational and on the road.  With FORDLive, eligible customers can maximise uptime by viewing vehicle health information through FordPass, Ford Telematics or Ford Telematics Essentials and in parallel our Transit Service Dealers can use the same smart information to more effectively support vehicle uptime.  And we do not stop there. Ford uses connected vehicle health data to monitor vehicle health trends to look for and find ways to improve our products, helping to maximise uptime for our customers.	FREE	Activated from vehicle delivery for eligible customers and vehicles, FORDLive uses limited connected vehicle data. Automatic activation from delivery for eligible fleet/business customers on Rangers purchased from 17/06/24. Excludes retail private owners, converted vehicles, government and blue light vehicles, and leasing companies with private operators. For further details please contact your nearest Ford Pro representative. FORDLive can be cancelled at any time.

<sup>†</sup>Excludes Transit Connect. Transit Connect, can be connected to FordLive via a Plug In Device.

The test used to establish fuel consumption and CO2 figures has changed to deliver results that are more representative of real life driving. The Worldwide Harmonised Light Vehicle Test Procedure (WLTP) has replaced the old NEDC test. The Fuel Consumption figures shown are derived from the new WLTP test.

The table shows the fuel consumption (WLTP) figures for each available engine on the All New Ranger. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted, variations in weather, driving styles and vehicle load.

The figures shown are for comparability purposes: only compare fuel consumption and CO2 figures with other vehicles tested to the same technical procedures.

øFord test figures.

øø The declared Fuel/Energy Consumptions, CO2-Emissions and Electric range are determined according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EU) 2017/1151 as last amended. Light Duty Vehicles type-approved using the World Harmonised Light Vehicle Test Procedure (WLTP) have Fuel/Energy Consumptions and CO2-Emission information for both New European Drive Cycle (NEDC) and WLTP. WLTP is a new, more realistic test procedure for measuring fuel consumption and CO2 emissions and will fully replace the NEDC latest by end of the year 2020. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO2 emissions and electric range. CO2 is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO2 emissions which contain data for all new passenger car models is available at any point of sale free of charge or can be downloaded under [www.seal.ie](http://www.seal.ie). are based on tests conducted on vehicles with standard wheels and tyres. Optional or Accessory wheels and tyres may have an effect on the emissions or fuel consumption of a vehicle. For further information on CO2 and fuel performance please refer to the vehicle brochure

Accessories Pricing Effective from 3rd December 2024

For any more information about any of the included Ford Accessories, or to view a full range of Ford Accessories visit [www.ford-accessories.ie](http://www.ford-accessories.ie)

This price list shows both original Ford accessories as well as a range of carefully selected products from third party suppliers, identified under that third party supplier's brand name.

Please note that third party supplier branded accessories do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer.

Fitting of accessories may have an impact on your vehicle's fuel consumption.

Prices do not include fitting unless otherwise stated. Please refer to your Ford Dealer for fitted prices.

## OTHER PRICING CONSIDERATIONS

### Customer Order Price Protection

Ford's Customer Order Price Protection Plan means that the price you pay is the same as the price on your order as long as you are prepared to accept delivery within three months, and in any event, as soon as your vehicle is available. Your Dealer has full details of the Customer Order Price Protection plan. Subject to terms and conditions. Ford Motor Company Ltd is not liable for changes in price caused by Government changes in tax rates or changes in other applicable legislation.

### VAT

VAT is shown calculated at 23%. The total price of a vehicle, including factory fitted options and accessories fitted by the Ford Dealer, will be subject to VAT on retail sale.

### Price Changes

This price list outlines Ford's recommended on the road prices and recommended retail prices. Please contact your Ford dealer for final sale prices. This price list is effective from 11th December 2024, and supercedes all previous price lists. The recommended prices in the publication were true and accurate at the time of printing. You should, however, check details with your Dealer as there may have been changes to Ford's recommended prices in view of Ford's policy of continuous development. Ford reserves it right is reserved to change its recommended prices at any time. Change to government legislation or tax changes could result in a change to ford's published recommended prices.

## ILLUSTRATIONS, DESCRIPTIONS AND SPECIFICATIONS

The product information in this publication was correct at the time of going to print. However, Ford's policy is one of continuous product development. The right is reserved to change specifications and colours of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability.

Some images portrayed are of a pre-production model and/or are computer generated, therefore the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional e.g. metallic paint.

Please also note some driver assistance features and safety features described in this publication are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.
